### VINTAGE 2022

The vintage is one of the hottest and driest ever: During the winter there was an extraordinary shortage of rainfall, and the climate was mild followed by a period marked by good weather, with no significant rain for over 180 days. In July the vines adjusted on their own to the low availability of water, showing smaller clusters. Picking began as early as the end of August with the grapes used for making sparkling wines, and continued immediately afterwards with the white wine varieties. The harvest of Nebbiolo grapes began around mid-September. The quality was noticeably excellent with healthy grapes although a lower yield-per-hectare.

### THE DIFFERENCE IS

Erianthe Moscato d'Asti keeps the whole amazing set of unmistakable aromas provided by the grapes. Thanks to the low alcohol content this delightful fizzy wine is pleasantly easy to drink and particularly enjoyable as summer refreshing beverage.
